

## COCO SOYA™ / EQUI-OMEGA COMPLEX™

### NOW AVAILABLE LOCALLY IN ROCHESTER

*Save yourself the really high cost of shipping from the factory.* All of the Uckele Equine Products are also available. Call me at (585) 230-6904 or e-mail me at [firstoverfences@aol.com](mailto:firstoverfences@aol.com) to place your order or request further information.

Cocosoyma™ is a blend of highly digestible and unrefined soybean and coconut oils selected for Natural Fatty Acid balance. Cocosoyma™ is more digestible and more palatable than ordinary corn and vegetable oil and it costs less than vegetable oil at your local store. A natural source of unrefined naturally antioxidant protected Omega 3, 6, 9 Fatty Acids. Cocosoyma™ will:

- Replace refined ordinary corn & vegetable oil
- Reduce dust in feed
- Increase feed palatability
- Improve hair coat gloss
- Improve feed utilization
- A natural source of Vitamin E
- Increase Calories in the diet which are slowly metabolized
- Support blood sugar and metabolism

Recommended by: The John Lyons Perfect Horse and Horse Journal.

For those horses that aren't crazy about the liquid I have Equi-Omega Complex™. Made with Cocosoyma™ but is a highly palatable dry essential fatty acid formula.
